LOCKUP SALE CONSIDERED BY BOROUGH

Council Instructs Real Estate Committee to Receive Propositions

OTHER BUSINESS TAKEN UP

At a regularly adjourned meeting of council Tuesday evening the matter of arranging the sale of the lockup building was brought to the attention of the body, and the real estate committee was appointed to receive such propositions as there were to be offered. It is understood there are two persons contemplating purchase. The meeting was attended by all councilmen except President D. R. Duvall, who is not well and W. H. Calvert. Councilman J. K. Mitchell presided as president protem.

The contention of a number of property holders along Long alley between Ninth and Eleventh streets, who maintain that fences were damaged by recent paving was taken up and the street committee instructed to give the matter attention.

A foreigner whose name was not secured but who lives at the corner of Second street and Oakland avenue asked council to lay a sewer immediately there. He was told that in good time council would lay the sewer according to plans established by the borough.

J. P. O'Brien, representing the Pittsburg Railways Company was granted the request he presented some days ago to place metal poles instead of wooden ones for his company's lines between Fourth and Fifth streets.

Jack Dean presented a request to council that grading be done along his property at Ninth street and Lookout avenue.

Councilman H. L. Swickey and J. K. Hein of a special committee stated they had conferred with the Business Men's Association relative to better lighting and found the association favorable. Upon a demonstration of a new light further reports will be made.

The assessment sheet for Fourth street paving from Crest to Meadow avenue was accepted and Borough Clerk Ira L. Nickeson instructed to send out notices to property holders.

The proposition of Chauncey Jones for papering the firemen's room and the ceiling of the borough clerk's office was accepted and council instructed him to go ahead with the work.

South Seeks Laborers Now In The North

While the Birmingham, Alabama, industrial district is complaining of the shortage of unskilled labor because of the recent exodus of about 5,600 negroes, northern industries are concerned as to methods of keeping these same negroes at work. The negroes are taking the places usually filled by foreigners, who now are unavailable because of the war abroad. They however do not appear to be "stickers." Whether they will remain is a question that will be decided when cold weather sets in.

SCHOOL BOARD LETS CONTRACTS

Arranges Continuation of Heating System for High School Addition

NEW FLAG POLE IS RAISED

Two contracts were awarded by the school board at a regular meeting held at the high school building Tuesday evening. One was for the installation of a heating system in the additions to the high school building. It was let to the Pittsburg Heating Company for $132, their bid. The heating system will be a continuation of that now in use at the high school building. Regan and Hormell were awarded the contract for the plumbing and electric wiring in the new addition. Work is progressing well on the new building now.

Report was made that the janitors were installing a new flag pole at the high school building, donated by C. J. Mogan. The concrete base is now being placed.

NATION'S WORST CAR SHORTAGE FEARED; NO TROUBLE HERE YET

Monongahela Valley Likely to Suffer in Its Coal Trade—Abnormal Demand Now One of Chief Causes—Coke Output Curtailed

No car shortage has been noticed in the Charleroi freight district, but in the Pittsburg district as a whole shippers are experiencing difficulties that only give the slightest indication of the seriousness of the situation now approaching. So great is the fear that circulars of warning are being sent out by associations of shippers, railroad companies and the Interstate Commerce Commission. Quick unloading is generally asked.

Where the Monongahela valley will most suffer is in the coal trade. In the Connellsville coke field production is being curtailed because of a lack of cars.

Various reasons are assigned for the shortage. One is the abnormal demand at this season due to shipping of materials for Europe and where congestion has tied up thousands of cars at the seaboard. The railroad has not secured new equipment rapidly enough and the crop movement is calling for thousands of cars. The lake coal season is behind. New cars are being turned out, but not in such quantities as to prevent the grave crisis.

ONE LIFE LOST IN INCENDIARY BLAZE

Old Conwell Farm Near Brownsville Scene of Costly Conflagration—Louis Malone is Victim

Fire of supposed incendiary origin destroyed a barn on the old Conwell farm on the Armstrong road near Brownsville cost the life of one man two horses and caused a total monetary loss of $25,000 Tuesday morning. The farm is the property of the H. C. Frick Coal Company but is being tempararily occupied by F. J. Foye a contractor. Agricultural implements and supplies valued at $15,000 were in the barn.

The dead man is Louis Malone, aged 38. He is believed to have been asleep in the barn when the fire started. The home of Mrs. J. L. Norman nearby, was saved. Mrs. Norman discovered the fire and summoned the Brownsville fire department

TRUCK PURCHASE CONSIDERED GOOD

Commissioners Explain They Obtained Low Prices for Best in Market

DON'T LIKE OTHER STORIES

Commissioners John O. Watson and A. P. Barnum, relative to the purchase of the five-ton truck from A. D. Spencer of Charleroi for $4,154, as stated Tuesday takes exception to the statements as made by Conaroller T. J. Underwood. The commissioner say they acted fair and above board in securing the best truck possible at the least cost.

The price paid, Commissioner Watson stated is ten per cent below the first price for this truck and this reduction is only given to big buyers, such as the county is considered. The price includes the delivery complete of the truck to the front of the court house, suitably lettered. A man will also be furnished to demonstrate the truck for two weeks.

The commissioners said that they did not act until they believed they had a fair proposition and one that was for the best interests of the county. When the matter of a truck was taken up, said Mr. Watson a local auto dealer, H. L. Robinson consulted with him. Mr. Watson at the time suggested that the G. M. C. truck appeared a good one. The G M C. company was communicated with and they replied through A. D. Spencer of Charleroi, who is the agent for Washington, Westmoreland and Fayette counties. He saw the commissioners and gave a price of $3,790 on a three and a half ton truck. Last week, Wilbert Roberts, representing the White Co., of Cleveland, took the commissioners and controller to Cadiz, O., to look at a White truck. The truck seen was a very satisfactory one, but the price quoted was $5,00. This did not include lettering, some extra painting and for the kind of a cab wanted there was $100 extra. The price was considered too high.

Saturday, said Commissioner Watson, Mr. Barnum, the controller and himself went to the Spencer garage in Charleroi and looked at three G. M. C. trucks. They saw them in operation. Mr. Watson says the controller stated then that the truck was the best he had ever seen The controller, however, he said, would not agree to buy it. He suggested that the commissioners see the court and see if there was some way to evade the requirements to advertise for bids.

Relative to the purchase of other cars Commissioner Watson said Tuesday that the controller suggested purchasing a Ford car for the engineer's office. The car he proposed to buy was a second hand one, owned by William Galley of Washington. It was also the controller's idea to hire Mr. Galley to run the car. As to the purchase of a car for the commissioners, said Mr. Watson the controller's suggestion was to sell through H. L. Robinson the Cole car now owned by the controller.

WAR VETERANS OF THE COUNTY HOLD REUNION

Men Who Fought Under Union Flag and in Spanish War Meet at Washington

WISE CARRIES FAMOUS FLAG

Four hundred veterans of sea and land service under the American flag who live in the county, Tuesday met in their first reunion, today being continued. Men who fought for the Union in the Civil war and against Spain in '98 predominated among the guests.

One of the features of the Tuesday session was a campfire in the high school auditorium, this following a parade. This morning a meeting was held at the Washington armory for the organization of former soldiers of the county. Later a sightseeing trip was in order.

The address of welcome was delivered by Judge Robert W. Irwin and the response was by Col. James E. Barnett. Other speakers were Congressman Henry W. Temple and Col. Daniel Ashworth. Among notable veterans in attendance are Col. James E. Barnett. Other speakers were Congressman Henry W. Temple and Col. Daniel Ashworth. Among notable veterans in attendance are Col. A. J. Greenfield of Chicago, the only surviving regimental officer of the Ringgold Cavalry and Col. J. E. McCabe of Beaver Falls, who as chief scout under General Sheridan had 65 men in his command, all but one of whom is dead.

One of the features in the parade was that of the Lincoln flag carried by Jacob Wise of Pittsburg. This is the famous flag that he carried in the Lincoln parade at the close of the war in honor of the second inauguration of the president. A large number of old soldier from the river section are in attendance at the reunion.

WISDOM OF ORGANIZATION

The proposed incorporation of the Washington County Sabbath School Association under existing laws is a step in advance that should bring about the results desired. It will be a means of placing the Sabbath schools of the county on a better and more substantial business basis. [illegible] of an systematizing one important department of church endeavor as to very greatly increase its efficiency.

Today the cry is organization—organization and systematized operation. Every business must be conducted according to a well systematized plan to make it successful. Efficiency is only to be obtained through machine-like cooperation, with all parts well-oiled and working smoothly and well.

Bigger and better Sunday schools ought to be the result of the incorporated body. Power to study the problems and to work out solutions for them will be had through centralized control. The central board will be so arranged as to enable it to give struggling schools the aid they need at the time they need it. Encouragement and stimulation can be extended wisely. Organization of district bodies or classes can be better effected according to a safe and sane plan, without compelling them to pass through lengthy and troublesome experimental stages of a kind that heretofore have characterized their tedious growth. Business details will be worked out by men of business ability. Proper advertising will be possible—and who denies the necessity of it for up-to-date schools of today.

The whole plan of incorporation with its proposed application of sound business principles is one to command itself to thoughtful students of church problems.

BLACKMAILING.

Sensation reigns in Chicago over blackmail outrages. Closer home Monessen has a case of attempted blackmail that it is puzzling over.

The plan is the same all the way through and is older than the hills. Expose of a carefully selected victim for his alleged wrongdoing is threatened in the event that he does not abide by well established provisions in buying silence. He is given no assurance that the same scheme will not be worked again.

Blackmail is one of the most reprehensible crimes in the whole category. Were the blackmailer only to divulge the information he claims to hold, that the proper authorities could make use of it in securing justice for all, then would he rank as a model citizen. But he never thinks of this. He only seeks a harvest of gold. Swift punishment he merits.

PICTURES IN THE HOME.

Have Them Appropriate to the Rooms In Which They Are Hung

Pictures add a great deal to the beauty of a home if they are selected with taste and care. They do not have to be expensive to be beautiful, many delightful reproductions of the works of the old masters being on sale nowadays at prices within the reach of the most modest pocketbook.

Before putting up a picture on your wall be sure that it has some meaning and some beauty. Also it should be appropriate to the room it is to adorn. For instance, family photographs have no place on the walls of a living room. They are too intimate a decoration for a room in which strangers as well as friends are apt to be entertained. Reserve family photographs for the bedrooms or a den.

Select for the living room landscapes, reproductions of still life, ideal heads and faces and good photographs of masterpieces. Such pictures are not only instructive to the family, but they may form an interesting topic of conversation to the friends who are to be asked in to the room.

The music room of course should be adorned with good photographs of eminent composers and other musicians while the library calls aloud for portraits of literary and other public men.—Exchange.

Hugo and Dumas.

During Victor Hugo's exile Dumas went to Guernsey, where Hugo received him kindly and took him to breakfast on a veranda overlooking the ocean. It did not take Dumas long to discover that Hugo was already posing as the proscribed prophet, and the poet said, with an Olympian wave of his hand, "You see me, my dear Dumas, on my rock of exile like the proscribed one of antiquity."

"Never mind," said Dumas, with his mouth full. "The butter is far better here than in Paris. There is no disputing that."

M'KINLEY'S WAR COST LESS BLOODSHED THAN WILSON'S PEACE

By Theodore Roosevelt.

Under President McKinley we had a war with Spain. Under President Wilson we are assured that we have had "peace" with Mexico. Those are the words. Now let the deeds. During the war with Spain fewer Americans were killed by the Spaniards than have been killed by Mexicans during the present "peace" with Mexico. Let me repeat this. An greater number of Americans have been killed by Mexicans during these years, when we are officially informed that we have been at peace with them, than were killed by the Spaniards during our entire war with Spain. Moreover, when the war with Spain was through, it was through. But peace still continues to rage as furiously as ever in Mexico. Nor is this all. The instant effect of the outcome of the war with Spain was to put a stop to the dreadful butchery and starvation in Cuba and the Philippines, and the entry of both Cuba and the Philippines on a career of eighteen years of peace and prosperity such as they had never known before in all their checkered history. But during these three years of Mr. Wilson's "peace" the Mexicans themselves have been butchered by their own bandits steadily and without intermission; and Mexican women and children have died by thousands—probably by scores of thousands—of starvation and of the diseases incident to starvation. In other words, Mr. McKinley's war cost less than peace; and it reflected high honor on the American people, whereas Mr. Wilson's peace has been one of shame and dishonor for the American people, and one of ruin and bloodshed for the Mexicans.

A PICTURE OF HUGHES.

The New York World, which once was outspoken in its admiration for Mr Hughes, now declares that the people do not know where Hughes stands, or what he stands for. The Wilson organ had no such criticism to make when Mr. Hughes was governor. The World said on May 17, 1910: "He dictated no nominations, controlled no convention, trafficked in no patronage, made no bargains with office-holders. He has rewarded nobody for supporting him and punished nobody for opposing him. What influence he has wielded over public opinion has come through his appeals to the voters themselves." That is the estimate of Mr. Hughes given by the World six years ago. It is a pretty fair letter of recommendation. Could the World say as much for President Wilson? Hardly, for the president has done all of the things from which the World absolved Hughes.—Kansas City Journal.

GUARDSMEN PAY THE PRICE OF WILSON'S ABASEMENT.

Having condoned the repeated murders of Americans by the Carranzistas and having abased himself before Carranza and having aided in placing Carranza in power, what is Mr. Wilson's reward, and who pays it? The reward is that Mr. Wilson has to place 150,000 troops on the border to partially prevent the raids and murders that his friend, Mr. Carranza, will not or cannot prevent, and the payment is made by the soldiers who are slain and by the families of the guardsmen who go in want because their husbands and fathers have been called to the border to make good Mr. Wilson's refusal to let the regular army administer such punishment to the bandits as to inspire in them a healthy fear.—From the Speech of Colonel Theodore Roosevelt, Delivered at Lewiston, Me., In Behalf of Charles E. Hughes.

The President himself has tried to appropriate for his own advantage the sentiment of "America first." The Democrats have tried to make his support an act of piety by adopting "Thank God for Wilson" as a slogan. Mr. Hughes, with rare courage, frankness and penetration, is exposing the flimsy foundation for the claims of Wilsonian infallibility. He is laying bare a record of extravagance, partisanship, sectionalism, incompetence, wrongheadedness, vacillation and insincerity which destroys the attempt to make a joss out of the President. The Democrats must come out of their ecstatic trance and defend their stewardship. The President is to be put on the stump. We are to hear something beside Delphic prose poems.—St. Louis Globe-Democrat.

Mr. Wilson now virtually admits that all his own ideas were wrong four years ago. He has changed his mind on every public question. On some of them he has changed twice or even three times. Even if his friends could satisfy the public at this time he is exactly right, what assurance could be given that he would be right a year hence?

A GOOD FRIEND

A good friend stands by you when in need. Charleroi people tell how Doan's Kidney Pills have stood the test. Mrs. Stopp endorsed Doan's over six years ago and again confirms the story. Could you ask for more convincing testimony?

Mrs. William Stopp, 214 Second Street, Charleroi, says: "I had backaches and was distressed by headaches and dizzy spells. My kidneys were weak and the kidney secretions caused me annoyance. I saw Doan's Kidney Pills advertised and got a box at Piper Bros.' Drug Store. They gave me good results." (Statement given November 5, 1909.)

Confirmed Testimony.

On January 29, 1914, Mrs. Stopp said: "I have nothing to retract from my former statement given a few years ago, recommending Doan's Kidney Pills. Doan's Kidney Pills never fail to give us relief when we take them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stopp has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N Y. Adv.

GENERAL MANAGER TO MAKE INSPECTION TRIP

Department of Labor and Industry Will Give Attention to Establishment of Only Proper Devices in Industrial Work

A list of safety devices, that meet every requirement of state laws and [illegible] being established by the industrial board of the Department of Labor and Industry. For the purpose of passing on devices for safety, submitted for approval, the industrial board has created an approvals committee consisting of two members of the industrial board, the engineers and physicians of the division of hygiene, the safety engineer of the department and the chief of the bureau of inspection.

Commissioner John Price Jackson said that this recent action of the industrial board, makes possible the formulation of a definite list of all types of safety devices that will be so designated by proper label and will be approved by any department inspector in any part of the commonwealth.

Manufacturers of safety equipment, desiring to receive the approval of the state, may submit their devices at the regular meeting of the approvals committee on the last Wednesday of each month. The next meeting of the committee will be September 27, in Harrisburg.

Every device must be submitted separately and separate approval obtained in each instance. The application must be accompanied by the device itself or a working model of it and an 8x10 unmounted photograph and a copy of the Underwriters' laboratories approval if it has been presented to those laboratories.

Any device or guard which contributes to the safety of factory employes in Pennsylvania, will be acted upon by the approvals committee. When the approvals committee approves a device, the action is revised by the industrial board, at its next meeting and, if ratified by the board, a certificate of approval, bearing the seal of the commonwealth, is isued for the edevice submitted.

A distinct commercial advantage will accrue to the manufacturers obtaining the state's approval for the safety products as such manufacturers may, with perfect propriety, assure their customers that their approved devices will afford effective protection to workers ,and ,at the same time, meet all the legal requirements of the state.

Among the devices already approved by the committee are metal guards of various kinds, safety loom locks, fire-doors, film rewinding machines, boiler appliances, picture machines and applicances, lungmotor and various other devices for safety.

ASIA MINOR.

Where Its Borders Lie Is a Sort of Geographical Puzzle.

"Asia Minor" is a geographical term of vague extension. It would puzzle any one to say exactly where it leaves off.

The name dates only from the fifth century, A. D., when Orosius used it, evidently as a novelty. The Roman empire knew no Asia Minor. Indeed, the Roman province of "Asia" was actually smaller than this Lesser Asia. The alternative name Anatolia (land of the sunrise or east), which has found favor with the Turks, is equally indeterminate.

"The Levant," which means the same thing as Anatolia (region of the rising sun), is even vaguer in its geographical scope. It includes Constantinople and everything anywhere near the eastern Mediterranean.

Few geographical names have incurred more unfavorable association. "Levantine" morals, particularly in the matter of honesty, are a byword, as might be expected from such a jumble of people. Our words "levanter" and "to levant," on the other hand, testify to the fact that dishonesty is not unknown even in the west. They originate from the disappearance of men who could not pay their gambling or other debts and were reported to have gone to the east.—American Carpet and Upholstery Journal.

Ways of the Arab.

The Arab has some curious ways. He takes off his shoes when he enters a house, but keeps on his hat. He reads and writes from right to left. He eats scarcely anything for breakfast or dinner, but in the evening he sits down to a hot meal swimming in oil. His sons eat with him, but the ladies of the household wait till the males have finished. The Arab rides a donkey when traveling, his wife walking behind, and he laughs at the idea of giving up his seat for a woman. The Arab has one strong virtue, and that is, he is rarely seen drunk. He is not very affectionate, is very ignorant and has so little initiative that he rarely takes on anything worth doing or attempts to carry out any enterprise.

"Look Pa, How 'Gets-It' Works!"

Lifts Your Corn Right Off. Never Fails.

"Ever in your life see a corn come out like that? Look at the true skin underneath—smooth as the palm of your hand!

Well Now, Look at That! Off Comes That Pesky Corn as Slick as a Whistle.

The earth is blessed with the one, simple, painless, never-failing remedy that makes millions of corn-pestered people happy, and that's "GETS-IT". Apply it in 3 seconds. It dries. Some people jab and dig at their corns with knives and razors—wrap their toes in packages with bandages or sticky tape, make them red and raw with salves. Nothing like this with "GETS-IT." Your corn loosens—you lift it off. There's nothing to press on the corn, or hurt. Angels couldn't ask for more. Try it tonight on any corn, callus or wart. "GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

QUEEN ESTHER CIRCLE MEETS TUESDAY WITH MISS RODGERS

The Queen Esther Circle of the Methodist Episcopal church met on Tuesday evening at the home of Miss Rosetta Rodgers of Fallowfield township with Miss Rodgers and Miss Mary Glunt as hostesses. Miss Phillis Murray and Miss Mary Provins had charge of the program. The topic for the evening was "City Missions with the Deaconesses.' Miss Julia Ternavsky of Charleroi who is a deaconess of Cincinnati gave an interesting talk about her work in Cincinnati. She especially emphasized the fact that there is a great deal of home mission work to be done in Charleroi. Miss Helen Booth of Charleroi who is a student at Mt. Lebanon, described the work being done in the settlement by the girls in connection with the school. The greater part of the work is done among the factory girls under the auspices of the Y. W. C. A., Miss Booth having assisted in the work. Miss Laura Holmes, formerly of Donora and now a deaconess at the Methodist Episcopal Deaconess Home of Pittsburg was present and gave an instructive talk about the work being done by the Pittsburg Deaconesses mentioning especially the work dose by the Travelers Aid Society. She gave statistics of the number of people who had been aided in the last three months in the Union station the workers there being from the Methodist Episcopal Home.

Special music was furnished by Miss Elizabeth Frew who sang, accompanied by Miss Mary Glunt. The business session was in charge of Miss Price Frye, president of the circle. Special pledges were made for the year to the Glen Home for girls of Cincinnati, the Tubercular Hospital, Albuquerque, N. M., to the salary of a deaconess of Boston and to the deaconess annex fund of Pittsburg.

There was some discussion as to what special work might be done in Charleroi this year. The attendance was much larger than usual and much enthusiasm was displayed among the girls. During a pleasant social hour the hostess served a dainty lunch. The circle adjourned to meet October 13th, with Miss Elizabeth Frew of Crest avenue.
